

COVERING THE

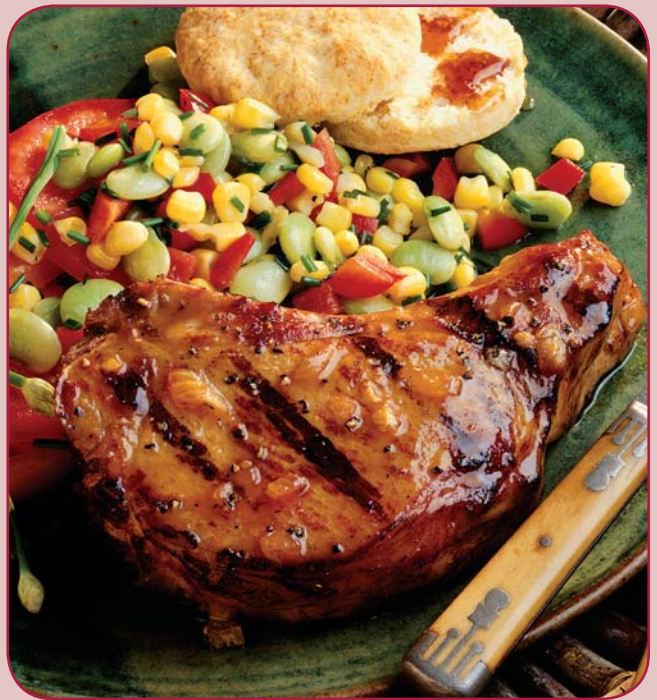

SYSCO covers the basics better than anyone else, providing your business with all the essentials—at a great value. From the front of the house to the back, you'll find the fundamental food products and supplies you need to keep your business running smoothly. Ask your Marketing Associate about keeping you stocked up on these quality-assured, key items year-round.

Pork is the world's most widely eaten meat—so when you're serving pork chops, you'll need one with the taste to satisfy any customer. That's when you turn to Butcher's Block Pork products from SYSCO. The superior flavor and tenderness of Butcher's Block pork chops begin with using only top-quality butcher hogs. Chops are cut from loins that have been selected for their large meaty eyes and perfect trim, and they're processed in an allergen-free environment for added quality and safety. You'll enjoy the exceptional flavor in every cut thanks to the state-of-the-art, blast-freezing method.

Butcher's Block bone-in center cut chops—both traditional and seasoned—are ideal for casual dining restaurants; they will be warmly welcomed by those seeking comfort foods. The seasoned chops are more economical, and their extra juiciness helps them hold up well in steam trays. For optimum results, cook all seasoned chops from the frozen state. The remarkable versatility of pork is perhaps best demonstrated by boneless center cut chops; you can stuff them or create pork medallions and prepare them pan-fried, sautéed or broiled.

The Porterhouse chop, with its distinctive large filet, is an excellent selection for steak houses. For those who menu at a lower price point, we recommend the Butcher's Block end-to-end chop, which contains an entire pork loin cut end to end—including all the center cuts. It's available in a variety of portion sizes.

SYSCO Brand Olives

It's a fruit of many faces: from a fashionable cocktail garnish to a zesty topping for pizza and salads. The multipurpose olive is a must-have item in every kitchen, and SYSCO is your source for high-quality green and black olives.

Queens are a fleshy, large olive, deep green in color, with a distinct flavor, and they're available with or without a pit. Manzanillas are smaller, light green in color, with a uniquely nutty flavor. They're available pitted or sliced, and make a terrific topping. Our ripe black olives offer a mild, yet distinctive flavor with a soft flesh—ideal for pizza topping, salad bars and recipes.

With endless menu applications, shrimp is America's best-selling seafood, and SYSCO provides a superb, versatile shrimp under the Portico brand. Portico Black Tiger Shrimp are farm-raised in clean, controlled waters for a fresher taste, and graded after processing, with no hidden costs in waste or shrinkage.

Portico's peeled and deveined shrimp save prep time in the kitchen and come tail-on and tail-off. Raw and cooked forms are individually quick-frozen to lock in tenderness and flavor, and packed in polybags so you only have to thaw the amount you need. And SYSCO Quality Assurance guarantees Portico Black Tiger Shrimp are never adulterated by chemicals, come with 100 percent net weight after thawing and always remain within specifications for count.
